If you qualify for credit terms, Boeing payment terms are Net 30 days from date of invoice. Late charges on undisputed invoices are billed when payment is received in the bank more than 45 days after invoice date. The rate charged will be a variable rate equal to the prime rate as published and defined in the Wall Street Journal on the 15th of the month, plus 2%.

I/We understand that all information provided herein is for the purpose of obtaining credit and such information will be maintained in confidence. The undersigned verifies that the information set forth is complete and accurate.
