

## Shelf Life Click and Pick

We have enhanced the ordering capabilities for our shelf life relevant materials. We are providing full visibility to our available stock. Material availability is broken down into our most popular ranges. Orders placed within a range ensures the material batch pulled and shipped falls within that range. The percent and days available are listed for reference.

**Please Note:** Initial pricing displayed will always be at your default price. Only when selecting an alternate range pricing may differ.

Searching for shelf life relevant materials, which are part of the program, will now display stock available within a specific shelf life range (A)

Selecting the “Shop More for Shelf Life Options” link takes you to the product details page where a complete view of available materials are shown in the dropdown. Default pricing is always applied within your default range and any other materials available will be priced accordingly. Multiple ranges can be added as needed (D)

AeroShell Piston Engine Oil W100 Plus, 1 qt
USD \$9.11 ea

AeroShell  
Part # 100WPLUSQT=SD Mfr. Part # 550041174

AeroShell Oil W100 Plus is a single grade oil that combines proven AeroShell ashless dispersant technology with advanced antiwear additives. AeroShell Oil W 100 Plus is for pilots who want a single grade that delivers extra protection and performance and brings together the single grade, ashless dispersant performance found in AeroShell W 100 and W 80 and the anti-wear/anti-corrosion additives of AeroShell Oil W 15 W 50 multigrade. Single grade heritage means outstanding resistance to heat, especially in the summer months. Ashless dispersant formulation helps reduce deposits of harmful metallic ash in combustion chambers.

Superior rust and corrosion protection  
Improved anti-wear characteristics  
Promotes engine cleanliness  
High viscosity index base oils to protect engine components  
Provides compatibility with other approved aircraft piston engine oils

Specifications and Approvals:  
Lycoming Service Bulletin 446C and 471, plus Service Instruction 1409A  
MIL-L-22851 (obsolete)  
SAE J 1899  
Continental recommended  
FAA Airworthiness Directive 80-04-03
